CONVENTION ATTENDANCE TO BE LARGE

Local People Are Interested in U. P. Educational Meeting

Superintendent John A. Doelle of the Houghton public schools, president of the Upper Peninsula Educational association, feels certain that the attendance at the annual convention of that society, which will take place in the Ketchikan theater, October 8 and 9, will be a record breaker. Many encouraging reports have been received from several sources to the effect that many outsiders will journey to Houghton on those dates.

"Local people are exhibiting considerable interest in the coming meeting," said Supt. Doelle this morning. "Not only are they interested in the convention but they are also interested in the organization itself. The Upper Peninsula Educational association is one of the uplifting societies of this region and is well worth the attention of everyone connected in any way with schools or business affairs."

Booker T. Washington, the celebrated negro educator will be one of the principal speakers. The fact that this noted man will be attendance is sufficient to insure the attendance of practically every teacher in the peninsula.

Governor Ferris also will be on the program. Many of the teachers of the copper country know Governor Ferris personally and many of them obtained their education under his teaching. These teachers have already signified their eagerness to attend the meetings while others will grasp the opportunity.

Complete Program Announced.

To hear him speak.

Superintendent Doelle announced the following program for the convention today:

Thursday morning, October 8—

Governor Woodbridge N. Ferris.

Address—"Public Health and Educational Economy," Prof. W. C. Bagley, University of Illinois.

Thursday afternoon—

Business meeting.

Address—"One-sided People," Rev. James Shera Montgomery, Washington, D. C.

Address—"Some Essentials in Grade Work," Hon. Fred L. Keeler, superintendent of public instruction.

Thursday evening—

Address—"Application of Education to Life," Booker T. Washington, principal of Tuskegee Institute. This address will touch on various phases of industrial education.

Friday morning—

Section meetings.

Friday afternoon—

Address—"Subject not yet announced"—Rev. James Shera Montgomery. Discussion of the report of the research committee, led by prominent men of the copper country.

Address—"The Outcomes of Teaching," Prof. W. C. Bagley.

EXHIBITS FROM GARDENS.

Product From Children's Gardens to Be on Display at Fair.

Miss Nye, superintendent of the children's department of the Copper Country fair, has decided to admit exhibits from the gardens of the boys and girls of this district. Many of the children have grown excellent products and have requested that they be permitted to place them on exhibition.

Last year \$50 worth of flower and vegetable seeds were purchased by the school from a Cleveland, O. concern and the seeds were sold at cost to the younger folks. The understanding was that they were to plant and care for the seeds and many of the children have had remarkable success. The exhibiting of these products will help the children's department materially and will be watched with interest by those concerned.

Mrs. C. J. Wagner left Wednesday for Williamsport, Mich., to attend the funeral of her father.

LOCATED IN HOUGHTON
BOSTON DOCTORS
Offices 35 Sheldon St.
One block east of Douglas House.
Street Cars pass the office.

All calling before October 1 will receive the benefit of their services three months free.

Office hours 9 a. m. to 8 p. m. Sunday 10 a. m. to 4 p. m.

COUNTY'S STATE TAXES ARE LOWER

Will Raise \$100,000 Less Than in Preceding Year

The state tax to be raised in Houghton county in 1914 will be more than \$100,000 less than was raised last year, according to Auditor General Puller who is issuing notices of the amounts of taxes to be raised to each county. Throughout the state, there is a decrease of nearly two and a half million, the entire amount to be raised being approximately \$6,125,000.

The following figures show the state tax levied against the various counties in this district:

Houghton: 1913, \$375,416.12; 1914, \$175,120.00.

Baraga: 1913, \$18,770.81; 1914, \$12,352.96.

Keweenaw: 1913, \$37,541.61; 1914, \$33,983.77.

Chippewagon: 1913, \$37,541.61; 1914, \$33,293.51.

TRY HUTA CASE HERE; OTHERS TO MARQUETTE

JUDGE S. S. COOPER RULES IN CHANGE OF VENUE AND OTHER MATTERS.

By virtue of a ruling late yesterday afternoon by Judge S. S. Cooper of the Gogebic-Ontonagon circuit, John Hahita, charged with having been implicated in the Painesdale triple murder of December 7, will be tried in the Houghton county circuit court, and Nick Vorhame, Hjalmar Jallonen and Joseph Juntunen, charged with the same offense, will be tried in Marquette.

The decision was rendered in the circuit court after the Gogebic jurist heard arguments of counsel for more than two hours. Previous to the decision, Hahita expressed a willingness to be tried here while the three others wanted a change.

Judge Cooper then announced he would preside at the trial in the Marquette court as well as at that of Hahita in the Houghton court.

Second Plea is Refused.

The court denied a change of venue in the plea of Matt Kauppi and John Merila, charged with obtaining money under false pretenses. Their case therefore, will be tried in the Houghton county court. These cases were the outcome of the Painesdale murder, the allegation being that the defendants obtained \$500 each on the promise of information relative to the men who murdered the Jane brothers and Dally. After they received the money, they failed to deliver the information.

Lampasa Case Resumed.

The case of John Lampasa, charged with the murder of Albert Sale, was resumed in the circuit court this morning, adjournment having been taken to allow the hearing of the motion yesterday. Several witnesses were on the stand today but no new evidence was brought out. The case likely will be concluded Monday.

HOUGHTON CHURCH SERVICES.

Usual Hours of Worship To Be Observed in Local Edifices.

Regular services will be conducted in the churches of Houghton. The hours of worship to be observed in the various edifices follow:

Episcopal.

There will be the usual services on Sunday at Trinity at 7:30 and 10:45. Rev. William Reid Cross, pastor.

St. Ignatius.

Masses at 8 and 10:15 a. m.; vespers at 7:15 p. m. Rev. A. J. Rezek, pastor. Rev. Joseph Schall, curate.

Christian Science.

Services at 10:45 at the Christian Science hall. Sunday school immediately after the morning service. Christian Science testimonial meetings are held every Wednesday evening at 8 o'clock. Sunday subject, "Reality."

Salvation Army.

Services at the Salvation Army hall Tuesday, Thursday and Saturday evening; fall meetings at county jail Sunday at 9:30 a. m.; Sunday school at 4 p. m.; Salvation meeting at 8 p. m. R. Ramsay, captain; V. Smead, lieutenant.

Baptist Mission.

Services held in the Odd Fellows hall, Sheldon street, every Sunday at 10:30; Sunday school at noon. Rev. C. H. Brooks, pastor.

Presbyterian.

Morning service at 10:30; Sunday school at 11:45; evening service at 7. Rev. Frank P. Knowles, pastor.

INVESTIGATE COW'S DTATH.

Bovine Owned by Mrs. Dally, Painesdale, Is Shot—Shiriff on Case.

The sheriff's office this morning was notified of the killing of a cow owned by Mrs. Thomas Dally, widow of one of the victims of the triple murder of December 7. An investigation has been instituted by county officers.

It appears that the cow was grazing in a valley a short distance from the Dally residence. The pasture was thinly wooded and because of this it is believed that the shooting may not have been a stray shot fired by a hunter.

The funeral of the nine months' old child of Mr. and Mrs. Henry Schilling of Hancock will be held Monday afternoon from the residence.

INSTALL MOTION PICTURES IN THE PUBLIC LIBRARY

VALUABLE EDUCATIONAL ADJUNCT, INVENTION OF EDISON, HAS BEEN ORDERED.

The board of education of Portage township has ordered a motion picture machine for the public library. It will be in operation by the time the Upper Peninsula Educational association meets in Houghton and doubtless will be used in connection with that gathering.

The machine is the product of Thomas A. Edison, who developed the device for educational purposes, and his laboratories produce special films for its use.

The machine uses a miniature film, but produces a full sized picture. It was purchased with the proceeds of the rental of the slides of "Wonderful Adventures of Nils."

Music Collection is Open.

A music collection, the gift of the St. Cecilia club of Houghton, was placed at the disposal of library patrons yesterday. This is one of the innovations recently prepared for the institution and it is expected it will become popular.

The collection consists for the most part of paper bound volumes of music, collections of the work of various composers. The selections are varied, embracing songs, instrumental pieces, dance music. Both foreign and American composers are represented. The classics and the modern have been given equal representation.

The music is at the disposal of borrowers, subject to the rules which govern the drawing of books from the library.

STATE TEACHERS TO HEAR LECTURE ON LOCAL SCHOOL

SUPT. DOELLE TO TALK ON OTTER LAKE AGRICULTURAL INSTITUTION.

The popularity of the Otter Lake Agricultural school, which marks its second anniversary this year, is extending throughout the midwest, according to letters of praise that have been received by Superintendent Doelle of the Houghton schools. Prominent educators of various states bordering of Michigan have commented favorably upon the institution.

Among these letters is one from Mrs. Henry Hulst, president of the Michigan State Teachers' association, who has invited Mr. Doelle to deliver an illustrated lecture on the Otter Lake school at the next state teachers' convention at Kalamazoo, October 29 and 30. The invitation has been accepted and Mr. Doelle is now preparing his address.

Housewarming and Festival.

The opening of the second year of the Otter Lake school was marked today with a housewarming and an exposition of farm products. An interesting program was conducted in connection with the event and the community surrounding the location was well represented. An exhibition of the manual training and domestic science departments of the school was an instructive part of the affair.

Tonight the school will be illuminated with electric lights, produced from its own lighting plant, and the housewarming will become a reality because the new heating plant will be given its first test.

CHASSELL FIRM TO EXHIBIT.

Worcester Lumber Company to Boost Farm Lands at the Fair.

An interesting exhibit in connection with next week's fair will be that of the Worcester Lumber company of Chassell. The exhibit will be a demonstration of the firm's farm lands, situated near Chassell. Specimens of farm products and photographs of what has been accomplished within a period of five months will be shown, under the direction of Paul Muehrcke, manager of the firm's land department.

The Worcester Lumber company last spring decided to settle its cut-over lands in Chassell township and Manager E. A. Hamar secured the services of Paul Muehrcke of Marinette, Wis., an experienced farm land agent, who makes a specialty of opening up German farm settlements.

Mr. Muehrcke went to work May 1. He has now eight families on new farms in Chassell township and will have a total of 30 before winter. With one exception these farmers are Germans or of German descent.

In spite of their German birth or ancestry these new settlers are all American farmers none the less. They are men who have learned farming in Illinois, Indiana, Ohio, Pennsylvania and Wisconsin. Those on the ground are building houses, clearing land, getting ready for a first crop next spring. They have gone into an absolute wilderness and are delighted with the prospects.

HOUGHTON BREVITIES.

Sidney W. Lang, superintendent of the Naumkeag, returned yesterday from a visit to northern Canada where he has been visiting a mining property for eastern interests.

Miss Margaret Gault, daughter of Mr. and Mrs. James V. Gault of College avenue, left yesterday for New York, where she will attend college during the coming year.

Carlos Ryan, son of Mr. and Mrs. John Ryan, has returned to his home in New York after spending the summer as the guest of his grandmother, Mrs. Sallie W. Sheldon.

The Malfrid Trading company yesterday shipped a carload of copper country potatoes to Chicago. Mr. Malfrid attributes the sale to the activities of the Houghton County Farm Bureau.

Hancock Department

LANSING TO SEE U. P. POTATOES

Prize Winning Displays Will Be Taken to National Show

Col. C. W. Mott, general manager of the Upper Peninsula Development bureau, is working hard in the interest of the Cleveland Potato congress, to be held at Menominee under the direction of the Commercial club October 23. Interest in the congress is developing all over the district. Col. Mott says, and he expects that there will be displayed 700 to 750 bushels of the choicest upper peninsula potatoes. Awards amounting to \$700 will be given for the best exhibits, most of the prizes being sums of gold.

"As a result of the congress we hope to put the upper peninsula on the map as one of the greatest potato growing regions in the country," Col. Mott says. "We will not achieve this result at Menominee, but we are going to take the prize winning displays, pack them properly, ship them to Lansing and there hold them in cold storage pending the national potato show to be held at the Agricultural college at East Lansing in December. I am hopeful that there we will be able to win some of the major prizes, and if we do we will have taken one long step toward making the upper peninsula potato known as the 'potato of quality.'"

More intelligent interest has been given potato culture in the upper peninsula the past season than ever before, Col. Mott asserts. There was heavy planting of the Sir Walter Raleigh and Rural New York varieties, and excellent crops are looked forward to. In addition, real progress has been made with impressing the farmer that the way to make money at potato growing is to study the market, and particularly to note the ready demand for sorted and carefully packed potatoes. The Development bureau has interested many buyers of select potatoes and it is expected that they will be represented at the Menominee congress.

Among these letters is one from Mrs. Henry Hulst, president of the Michigan State Teachers' association, who has invited Mr. Doelle to deliver an illustrated lecture on the Otter Lake school at the next state teachers' convention at Kalamazoo, October 29 and 30. The invitation has been accepted and Mr. Doelle is now preparing his address.

CANDIDATE MAY DONATE.

According to a ruling made by Attorney General Fellows there is nothing in the corrupt practices act which prevents a candidate from contributing money to the committee in charge of the campaign of his political party.

Fellows also holds that a probate court has no right to commit for treatment children afflicted with a curable disease to any hospital other than the University of Michigan.

FANS ALREADY TALKING OF HOCKEY PROSPECTS

HANCOCK FOLLOWERS OF GAME BELIEVE P. L. SEVEN WILL WIN TITLE.

Although the football season has just opened, hockey fans are discussing the prospects for the coming season. Local fans are of the opinion that the Portage Lake seven will have an excellent chance to win the championship title this year and they are eagerly awaiting the first game.

It is likely that the Portage Lake seven will again be composed of the same players and Hancock will again contribute its share of hockey product to uphold the green and white colors. Hogan, captain of last year's team, will again be in the game. Elmer Slocote, known as the speediest man on skates in this district, will be back on the ice when the season opens. Eclay, the reliable right wing recruit, has announced that he will again don his skates. "These men form a strong nucleus for the Portage Lake squad and are all from Hancock.

Haag, the veteran net guardian, will play his former position while Trathen, an probably will play at point. "Ole" Haas is still in this district and will again play center. It is expected that Skinner of Calumet, played left wing last year, will again play with the local seven but definite announcement to this effect has not been made.

With these players representing the Portage Lake district in the American Hockey league, followers of the sport believe the local seven will have an excellent chance to win the championship and the MacNaughton trophy.

May Form Junior League.

Amateur players of Hancock have been advocating the organization of a junior league. There is every likelihood that such a step will be taken as representatives of various teams have already announced such an intention. Junior hockey has always been followed closely by lovers of the sport and would continue to take well in this district.

The plan is to have a team formed in every town in the county. It is expected that a meeting will be held in the near future for the purpose of launching plans for the league. Officers will be elected and the rules to be followed by the seven entered drawn up. Strong teams would be entered from Calumet, Lake Linden, Hancock, Houghton, Dollar Bay and possibly Laurium.

OFFICERS ARE ELECTED FOR NEW ORGANIZATION

REV. U. G. RICH LAUNCHES PLAN FOR BOYS' CLUB LAST EVENING.

At an enthusiastic meeting in the parlors of the First Congregational church last evening, Rev. U. G. Rich, the pastor, launched a plan for a boys' club. The organization is composed of boys over sixteen years of age, who are connected with any church of the city.

An excellent banquet was served by members of the Mary and Martha club and at the conclusion of the "spread," a vote of thanks was tendered the young ladies.

Following the banquet session, a business meeting was held. The pastor outlined his plans in a few well chosen words and then called on John M. Marshall of Houghton and Dr. Pearce of Quincy members of the boys' committee of the Men's association of the church, for remarks. Both responded in words of praise for such an organization. Rev. Rich added that the boys' club would be an auxiliary of the Men's association and would work in co-operation with that organization. Officers for the club were elected as follows:

President—Norman Gillespie.
Vice president—Spencer Light.
Secretary-treasurer—Harold Richards.

A committee consisting of Garrett Johnston, Norman Gillespie and Morton Mitchell was appointed to select a name for the club and report at the next meeting. The club will meet in the parlors of the Congregational church, on the first and third Tuesday in every month.

The executive committee of the club will consist of the officers, the boys' committee of the Men's association and two members of the club to be elected at the next meeting. The following temporary committees were appointed by Rev. Rich, temporary chairman:

Devotional committee—Garrett Johnston, Melvin Dock and Norman Gillespie.

Program committee—Donald Ross, Rupert Anthony and Ellery Arls.
Recreation committee—Spencer Light, Harry Fisher and Russell Williams.

Constitution committee—John M. Marshall, Dr. Pearce and Norman Gillespie.

C. G. Strong of Detroit is visiting in Hancock.

COPPER COUNTRY PASTORS ON IMPORTANT COMMITTEES

DISTRICT WELL REPRESENTED IN APPOINTMENTS AT SAGINAW CONFERENCE.

The copper country fared well in the appointment of committees at the annual meeting of the Detroit conference of the M. E. church at Saginaw this week when a number of pastors were chosen for important positions.

Among the appointments are the following:

Conference relations committee—Rev. C. L. Adams, Calumet.

Ministerial equipment, H. H. Malinsson, Lake Linden.

Parsonages, Rev. Isaac Wilson, Marquette.

Transportation bureau, C. L. Adams, Epworth league, S. D. Eva, Joseph Ostry of Houghton and H. H. Malinsson of Lake Linden.

Henry Schram of Green Bay is visiting in this city on business.

Miss Mahel Mauley of Indianapolis is visiting friends in this district.

Richard Callahan returned yesterday from Detroit.

Mrs. Phil Sullivan has returned from an extended visit with friends in southern Michigan.

Lynnan Pankey left yesterday afternoon for Ann Arbor to resume his studies at the University of Michigan.

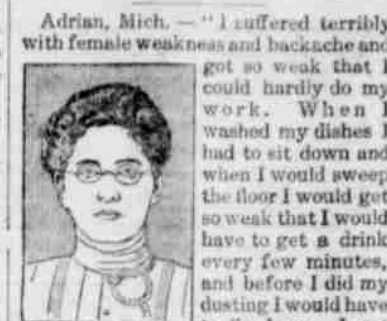

Gordon Pruner of Canada, a former resident of this city, is visiting for a few days with his brother, Nathan Pruner.

Mrs. C. Trembore of Gilbert, Minn., who has been visiting her sister, Mrs. P. H. Pearce of Dollar Bay, has returned to her home.

W. W. Finch, deputy postmaster of Hancock, returned yesterday from a short visit with his daughter, Mrs. Harvey Hannah, in Detroit.

COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich.—"I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

Not Well Enough to Work.

In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which all women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.
